Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are now OF KNOWN COMPOSITION. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of diseases, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherrybark and Bloodroot, contained in "Golden Medical Discovery," in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Drs. Grover Coe, of New York; Bartholow, of Jefferson Medical College, Phila.; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are *the very best* ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.

APPEARING OLD

...ets as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds (Strengthens) (it gives real, genuine heart help.

If you would have strong Hearts, strong Hearts to-day, strengthen these Nerves—re-establish them as needed, with

Dr. Shoop's Restorative

JAMESTOWN EXPOSITION.

Virginia, has the most imposing of all State structures on the Exposition grounds, presenting a beautiful type of colonial architecture in all its conventional dignity. The Virginia building has a frontage of 116 feet, including the side porches. It is of brick, with stone and marble ornamentation. The front elevation presents the harmonious effects of Ionic elegance, combined with Doric simplicity. Lofty Corinthian columns, surmounted with Acanthus leaf capitals, support the roof projection above an imposing entrance.

The building has sixteen bedrooms for the accommodation of Governor and Mrs. Swanson and their guests.

In keeping with its style of architecture the building is furnished with antique colonial furniture worth a small fortune.

Part of this furniture was bought in Norfolk at antique shops by the building committee of the Virginia Commission, assisted by Mrs. Swanson, wife of the Governor and the hostess for Virginia at Jamestown, and much was loaned by the people of the State.

The renting and purchase of furniture for the Virginia building, in order to give the distinctly colonial touch, will greatly exceed $10,000.

On behalf of the people of the Old Dominion, Governor Swanson formally accepted the Virginia State building at the exposition grounds April 13th, in the presence of several officials of the Tercentennial and Mrs. Swanson.

The formal opening of the Virginia building will be made at a reception on the evening of Thursday, April 25th, in honor of the visiting Governors and other distinguished guests, while on the opening day Governor Swanson will entertain the President at dinner.

Mrs. C. A. Swanson, hostess of the Virginia building left Richmond yesterday for Norfolk, to make ready for the reception that she and Governor Swanson will give in the building on the evening of April 25th to the Governors of different States and their respective parties.

Governor and Mrs. Swanson will receive with Mr. and Mrs. Harry St. George Tucker, and with the visiting governors and their wives. In Mrs. Swanson's party going down to Norfolk were Miss Sallie Deane, Colonel Jo Lane Stern, and General Charles J. Anderson.

April 26th, will, of course, be taken up with the military review, President Roosevelt's address, luncheon, and the dinner given by Mr. and Mrs. Tucker to the President.

The Virginia building will be opened to the people of the State on the 27th, when everything will be in readiness to accord them a hearty welcome.

The next public reception at the State building will be given on the evening of May 2d to the Woman's Club, of Norfolk. At this time a vocal and piano programme will be rendered.

An elaborate menu will be served the evening of April 25th, with many quaint and cunning devices to carry out the tercentenary index in salad cases and ices.

It has been intimated that the gowning of the Virginia women and their guests on this occasion will be superb.

Despite the efforts of a corps of energetic, efficient, painstaking officials and thousands of carpenters, masons, cementwalk builders and landscape gardeners the Jamestown exposition will be opened on Friday of this week unready. Many of the magnificent structures that are to house domestic and foreign commercial exhibits and shelter the achievements of the industrial arts are incomplete. Yet while this is acknowledged by the directors of the exposition with keen regret it is with the satisfaction that the sum of what has been done, as compared with the unfinished work, forms a result of which they are justly proud.

President Denounced by Miners.

That President Roosevelt is behind the western mineowners and State authorities of Colorado and Idaho in an alleged movement to "railroad" Moyer, Haywood and Pettibone, of the Western Federation of Miners, to the gallows, is a declaration that was applauded vociferously yesterday by the Chicago Federation of Labor.

Edward Morgan, a member of the Western Federation, bitterly denounced the President. His speech was followed by the adoption of resolutions scoring the President for classing Haywood with E. H. Harriman and other capitalists.

"God forbid that it is true!" shouted Morgan, "but it almost seems that, behind the millions of Rockefeller and the Standard Oil Company, behind the millionaire mineowners, stands the strong right arm of the Chief Executive of the nation saying: 'Go to it. Fall upon your prey like vultures, and I will sit by and grin while you gurgle in their blood.'

"For 17 years the Western Federation of Miners, with their blood, blazed the way for organized labor in the west. Now the mineowners, backed by the State authorities, are thirsting for revenge. I can see William D. Haywood, the man who refused to be bought or to bend the knee in supplication, forfeiting his life on the gallows for the loyalty he bore to his fellows. He refused to make peace, refused to clink glasses with the mineowners, and now they have hatched this conspiracy to get him by other methods. And they will hang him unless the working class of this country rises up from ocean to ocean and demands that justice be done."

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklin's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too, vanish and chilblains disappear under its healing influence. Guaranteed by E. S. Leadbeater & Sons, Druggists. 25c.

Complies with all requirements of the National Pure Food Law. Guarantee No. 2041, filed at Washington.

Preacher Mobbed.

Rev. C. A. Fulton, of the First Baptist Church, at Syracuse, N. Y., and Attorney L. W. Dygert were mobbed by a crowd of 200 men and boys in North Salina street yesterday afternoon and roughly handled. The two men have been conducting a campaign for several weeks in an effort to keep saloons closed on Sunday. By making trips about the city from midnight Saturday until Monday morning and lodging complaints with the chief of police and district attorney, they have caused the arrest of many saloonkeepers and have made it difficult for saloonmen to obtain bonds from surety companies. Although Syracuse has been practically a "dry" city on Sundays since the campaign commenced, the two men have not ceased in their vigilance. They have been attacked and threatened on several occasions and yesterday were made targets for stones and other missiles. Dygert was struck on the head and Dr. Fulton was badly bruised about the head and face.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.

FOR OVER SIXTY YEARS.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER

MONDAY EVENING, APRIL 22, 1907.

THERE was a lodge of sorrow at the meeting of the City Council last Saturday night, especially in the Board of Aldermen, three members of the latter body and the messenger having died during the past two months, while another, a young, popular and faithful ropresentative from the Second ward, was confined to his home by illness. When all the seats are filled but ten persons appear in the chamber in the north wing of the City Hall—eight Aldermen, the clerk and the messenger. On Saturday night only four members of the board could appear, one of the survivors being out of the city and another prostrate upon a bed of sickness. Death had cut a wide swath in the ranks of the corporal's guard which usually gathers bi-monthly in the Aldermen's chamber, and the expressions of sympathy which came from the survivors were from the soul and were expressed with evidences of emotion. Seldom does the king of terrors use his scythe with such effect in a little band, and the quaternion which gathered realized the sad import of the occasion. Two days only had elapsed since they had followed the remains of the president of the board to the city of the dead, and by the time crape ceased to flutter upon the door knob of the home of the deceased, the already decimated ranks of the Board of Aldermen was apprised of the sudden taking away of another member, who, like those who had preceded him, had served the community in one capacity or another from early manhood. The heads of the last two had whitened during their official careers. Two hours before the third Aldermen paid the debt of nature, the faithful and popular messenger had laid aside the staff of life and passed on to the shores of the great unknown. There is seldom any friction in the Board of Aldermen, the few gentlemen composing that body generally being of one accord, and it has been noticed recently that although occasionally interchanges of opinions were carried on, there was but little that savored of discussion, certainly not of the factions, and when votes were finally taken all generally voted the same way. Besides this the Aldermen seldom failed to concur in the action of the lower board on such papers as were sent to them. Each and every member seemed to realize that he was simply a representative of the people, and not elected to manifest resentment incidental to previous political issues. The best of feeling prevailed in the little band, although in by-gone days the members had differed widely in certain contests when they were champions of other candidates. In the little flock there were men who had violently antagonized each other in the political arena, both as contestants and backers of the same. Each had manifested the true spirit by rising superior to all recollections of the past and was working with one accord in the interests of the city. May the same spirit continue to actuate the survivors and guide the successors of those who have laid aside their burdens.

FORTY THOUSAND IMMIGRANTS, it is said, are now on their way to New York in thirty steamships, and all records for arrival of aliens at that port are likely to be broken by the arrival of the immense fleet. The immigrants come mostly from Italy and Germany. There is a fear that the North is getting too many immigrants. The South has practically none. The North has all the immigrant stations. The remedy, says American Industries, is partially to close the northern stations and open southern immigrant stations. Continuing, that journal says:

Why should the section that needs immigrants pay a tax in railroad fares of $15 to $25 per immigrant? Congress and the President seem to take this view, as an appropriation of $70,000 each has just been made for the building of immigrant stations at Galveston, New Orleans, and Charleston. The southern Congressmen allowed the new immigration law to be rushed through Congress to meet the California-Japanese complication, on the assurance of those in positions to know that its provisions would not in any way change the law in its relation to the South Carolina plan. Through some misunderstanding the South will to some degree suffer for the national spirit of its representatives; for the new law does contain a new clause intended to prevent corporations and others from directly or indirectly contributing transportation money through the State and adds a deportation clause. Neither the old nor the new law prohibits the prepayment of passages by persons or corporations if there is no contract of any kind, but this must be proved affirmatively. Nor does either law prohibit contracting skilled labor and prepaying its passage by individuals or corporations if skilled labor of the kind cannot be had in the United States. This the North Carolina manufacturers have successfully shown in the recent trial at Greensboro, where the government, after a long trial, agreed to a verdict for the defendants, admitting that skilled cotton mill help could not be found at present unemployed in the United States.

Few persons outside realize how healthful the climate and how productive the soils to be found in the South, nor how progressive its new spirit of enterprise. Cheap land and undeveloped resources are the South's trump cards, which at the crucial moment will win the game.

[Correspondence of the Alexandria Gazette.]

Washington, April 22.

The justices of the Supreme Court of the United States "stood pat" today on their decision in the famous Eidman-Tilghman case, by an equally divided court of four to four. Last fall it affirmed the decision of the lower court that the inheritance tax of the war revenue act of 1898 could not be collected where death occurred in the year preceeding July 1, 1902, when the law was repealed. The government then brought in other cases, among them William McCoach, collector of internal revenue of Pennsylvania versus the Philadelphia Trust Safe Deposit and Insurance Company hoping to get a justice to change his opinion. By the decision today all "stood pat" and as Justice Moody, the new member, could not sit in the case, the government lost again. Between seven and eight million dollars has been collected improperly according to this decision.

Gov. Gen. Smith, of the Philippines, has made a report to the War Department about the recent earthquakes and fires which have caused damage in the islands.

Application was made in the U. S. Supreme Court today for a writ of certorari to review the judgment of the Circuit Court of Eastern Pennsylvania in which it was held that the Pennsylvania Railroad need not produce its books to show the daily car distribution to coke companies in Pennsylvania. This judgment is the outgrowth of a suit brought by the Webster and Pennsylvania Coal and Coke Company for $2,000,000 in the distribution of cars and other discriminations against them.

It was announced at the White House today that President Roosevelt would leave for his summer vacation at Oyster Bay, L. I., on June 12 h. This will make his earliest departure from Washington upon any summer since he has been in office. The President's last official appearance before leaving for home will be his second visit to the Jamestown Exposition on "Georgia Day," which is set for June 11th. Immediately upon returning from the exposition he will take the train for Oyster Bay.

The U. S. Supreme Court announced today that it will adjourn on May 27, until next October. The call of the record will cease Friday but opinions will be announced on April 29 and May 13.

Fears are entertained that there will be a renewal of hostilities in Central America. Advices received from there today are to the effect that the conference between the Nicaragua and Salvadorean ministers at Amapala is deadlocked. The trouble seems to be failure to agree on the details regarding the maintenance of order on the border.

The last notice in the U. S. Supreme Court of the case of Maggie Myers, of Missouri, sentenced to be hanged was heard today when it was dismissed because the record has not been printed. Since the case was docketed, the governor of Missouri has commuted the sentence to life imprisonment.

The U. S. Supreme Court today upheld the suicide insurance stature in Missouri. It announced its opinion that the Aetna Life Insurance Company of Hardford Connecticut, had sought to evade the statute by including a clause in its policy to the effect that if the insured committed suicide only one tenth of the face of the policy would be paid.

The Hyde-Dimond-Benson land fraud conspiracy case which was to have gone to trial today in the Supreme Court of the District of Columbia, has been postponed until next week. Hyde-Dimond and Benson, members of a California Syndicate, it is charged conspired to defraud the government by means of fradulent entries.

D. A. R.

The sixteenth continental congress of the Daughters of the American Revolution, after a week replete with incident, adjourned in Washington Saturday. The last hours were marked by many brilliant social affairs, at which the visiting Daughters were honored guests. Mrs. Catherine Eagan, of Florida, presented Mrs. McLean a silver loving cup, the gift of the Daughters. The presentation was made just before adjournment.

The refusal of the Congress to accept the recommendation of its treasurer general, Mrs. M. E. S. Davis, that the funds of the society be invested in government bonds in the future, and the approval of the action of the finance committee in investing a portion of its funds in railroad bonds, were the features of the concluding session of that body, which adjourned finally Saturday afternoon, after a full week's session.

Among the State regents elected were the following from Virginia—Mrs. Samuel W. Jameson, Mrs. John D. Horsley.

Accident on Southern Railway.

As the result of a wreck on the Southern Railway a short distance east of Woodlawn a suburb of Birmingham, Ala., early yesterday, two men are dead and seven persons injured.

A freight train with a dead engine on the rear was coming toward Birmingham. The operator, it is said, allowed a fast passenger train to enter the block, and it crashed into the dead engine, smashing both engines and demolishing several cars. Three cars of the freight train were thrown against the eastbound track almost at the instant that a wrecking train en route to Heflin, Ala., passed. The wrecker struck them, and practically the whole freight train piled into the ditch. Two men were caught under the engine. The baggage and mail cars of the passenger train were badly damaged.

Fulton, Ky., April 22.—Four children were burned to death and their parents and two other children barely escaped with their lives in a fire which destroyed the home late last night of John H. Green, a well-known merchant of this city. Green and his whole family were sleeping when the flames broke out and had citizens not rushed in, the death list would have been eight instead of four.

There is consternation among the barbers of England over the invention of a Londoner named Witherington. He has made a paste, which removes the beard without the use of a razor in ten minutes. The paste makes the hair so brittle that it can be rubbed off clean with a wet sponge. "No skin trouble" is guaranteed, and the performance is simply a part of washing the face upon arising in the morning.

The annual meeting of the Hebrew Orphan Asylum Association, at the institution near Baltimore, had a tragic ending yesterday. Moses J. Because she was afraid she was losing the love that meant more than life to her, Isabelle Bouttelot, a pretty French girl, killed herself Saturday night in New York having sought her lover's room as the place to die. Louis Belleville, a member of the orchestra at Hammerstein's Manhattan Opera House, was the lover, and when he returned to his room in Mme, Gaillard's boarding house, on Twenty-eighth street, early yesterday morning, he found the body of his sweetheart and a letter which she had written, telling him that life was no longer worth living. She had torn part of her clothing to shreds and stopped all the crevices in the windows and door and turned on two gas jets.

Facing a revolver in the hands of Mrs. Edward Bradley, of Bethesda, Md., officers of the law yesterday morning arrested Edward Bradley, her husband, formerly a deputy sheriff of Montgomery county, and took him to Washington, pending an investigation of the alleged assault committed on Mrs. Rose Porter, of Bethesda, near Twenty-fifth street and Massachusetts avenue northwest, about 9 o'clock Saturday night. A New War Cloud?

Berlin, April 22.—A new war cloud is showing itself over Europe as the result of a brilliant coup by Kaiser Wilhelm in establishing the German Orient Bank of Berlin, as the financial backer of the new constitutional government of Persia. This move will check the plans of England and Russia for the dividing of Persia into two spheres under their immediate influence.

The old time rivalry between Germany and England, which had already brought the two nations to the danger line owing to the activity of England in trying to break the triple alliance has been greatly augmented by the Kaiser's shrewd move. England's anger is certain to be the more violent because she had planned to make herself the financial prop of the Shah.

A preliminary agreement has been made by Herr Stemrich, the German minister at Teheran, for the German Orient Bank to support the National Bank of Persia at Teheran. When finally completed the arraignment will make Germany Persia's financial sponsor.

By securing this footing in Peria Germany is in a position to check England's and Russia's designs on Persia and the situation in the Orient is completely changed. Wilhelm has gained distinct triumph in Asia, but his success is sure to react upon European politics. In many quarters it is believed Germany's Persia coup brings immeasureably closer what is regarded as an unavoidably conflict between Germany and England.

Emperor William's step to establish himself in that country may therefore be regarded by British statesmen as a direct challenge to Great Britain.

Fleeing from Volcanoes.

Valpariso, Chili, April 22.—The panic in Southern Chile caused by the eruption of the Puyesve volcano is growing worse hourly. The volcano is in full eruption, and residents of the neighborhood who fear the whole region is to be devastated by the lava flowing are fleeing wildly for their lives. Several earthquake shocks which have been felt as far northward as Santiago have added to the terror of the people.

Forest fires which were started several days ago by the hot ashes and cinders from the volcano are still burning. Thousands of acres of fine hardwood timber lands have been burned over. Hundreds of cattle have been killed and many farms burned.

Arrangements have been made by the Government to send relief supplies to the volcano sufferers.

Steamer Ashore.

Tokio, Japan, April 22. — In trying to avoid a collision today the steamer Mongolia, of the Pacific Mail Line, ran aground near Hayeda lighthouse, Province of Nagato. There are numerous reefs in the locality, on one of the Mongolia spitted herself in keeping out of the way of a sailing vessel. The steamer is close to land and within easy reach of assistance, so that no danger threatens the passengers, although she has listed to an angle of 45 degrees. The Mongolia is of 13,539 tons and was built in New York for the Pacific trade in 1904. She struck a reef last September off Midway Island and only recently went into commission after repairs from that accident.

Confessed to Theft.

New York, April 22.—W. O. Douglass, the employe of the Trust Company of America, who was arrested yesterday on the charge of stealing $50,000 of gilt edged railroad securities, was taken to the West Side Police Court today for arraignment. He made a confession, so the police say, to taking $250,000 in securities, all of which he lost in stock speculation and on the races. Bank officers, however, say only $50,000 of bonds are missing.

Another arrest may be made in the case according to a statement was made today by President Thorne.

Monks Killed by Bandits.

Vienna, April 22.—Bulgarian bandits have sacked the monastery of St. Amargiri, in the Castoria district of Macedonia after killing the abbot and thirty Greek monks. Few details of the attack are known here. The bandits, according to the reports received, resorted to barbarous cruelties in killing the monks who opposed them. Great popular resentment against the Bulgarian brigands responsible for so much looting and killing in Macedonia has been roused by the attack on the monastery and this latest outbreak may be made the inducement for the powers taking steps to see that the brigands are punished.

Stork Hovering Over Palace.

Madrid, April 22.—The stork is hovering over the Spanish royal palace. Professor Cutierre, chief medical attendant of Queen Victoria, expects the arrival of the heir to the Spanish throne before the week is over. All Spain is anxiously awaiting the word from the palace to know "whether it is a boy." Queen Victoria's health continues satisfactory. She attended a banquet last night and has taken daily walks or drives. The queen sticks to her declaration that she will nurse the child herself, despite the overturning of all Spanish precedent.

New York Stock Market.

New York, April 22.—There was a good volume of business and a strong tone to the trading in the first hour. In that period prices in all the active issues made advances ranging from one to over two points. There was some covering of shorts on the early advance, while at the same time fresh lines shorts were put out.

Pilot Blamed for Collision.

New London, Conn., April 22.—United States Local Steamboat Inspectors Withey and Stewart today gave out their findings in the case of the collision of the steamer Larchmont, of the Joy line, and the schooner Harry Knowlton, on the last of February last, which resulted in the disabling of the Knowlton and the sinking of the Larchmont with a great loss of life. Reviewing the evidence the finding places the blame for the collision on Pilot John Wanson, of the steamer Larchmont, and finds that the incompetent help of the steamer and the fact that a sufficient number of life boats to handle the passengers were not properly davited, was undoubtedly responsible for the fact that so few of the passengers and crew were saved. The finding exonerated Captain McVey from the blame for the disaster from any charge of incompetency or misconduct.

Engineer Electrocuted.

Rochester, N. Y., April 22.—John Yerger, the oldest engineer on the Erie Railroad, was electrocuted this morning at the Erie station, this city, when his head came in contact with the high current cable that is to supply electricity for the Rochester division of the Erie when its electrification is completed. Yerger was standing up on top of his engine fixing the whistle when his head touched the wire which carried a current of 11,000 volts. He dropped to the top of the cab dead. Yerger had been in the employe of the road for 55 years.

The body of Miss Mabel Pendleton was found Saturday morning half a mile below the bridge over Jackson river, and Clifton Forge, from which she and her sweetheart, Stuart Gay, jumped to their death on Thursday last, after being turned back by a policeman at Staunton while en route to Washington to be married. A merchant named Early yesterday afternoon at Evington, Campbell county, shot and killed John Grossman, the Southern Railway telegraph operator at that place. It is alleged that the shooting was over the wife of the surviving man. The men met shortly after Early's wife left for Danville and engaged in a pistol duel, seven or eight shots being fired. Early received a flesh wound in his leg.

While masquerading in male attire, Ellen Elliott, a young negro woman, was killed in Danville Saturday night by a crowd of white boys on the public road. The woman was walking with a negro man when the white boys came up. A few words passed between the whites and blacks, and a number of rocks were thrown. The woman, it is charged, pulled a pistol and began firing, when one of the white boys felled her with a beer bottle. She was then stoned and kicked. Joe Baugh acknowledged that he plunged a long dirk several times in the woman, but claims that he acted in self-defense. The companion of the woman, seeing that they were outnumbered, ran. Tom Walker, Joe Baugh, Oscar Nearherly, and John B. Talbott, four white boys, are in jail, charged with the murder. All confess that they were implicated in the killing. It is not known why the woman was wearing men's clothes.

Not the Marvin Boy.

Myles Standish, a nephew of Dr. H. M. Marvin, of Dover, Del., father of Horace Marvin, jr., the kidnapped child, arrived in Gloversville, N. Y., yesterday morning to see the child held there on suspicion that he is the kidnapped Marvin boy. Mr. Standish went at once to the place where the boy was stopping with the woman alleged to be the wife of Al H. Allen, the suspected kidnapper, and saw the child. He made a minute examination of the lad, romped and played with him for half an hour before he became thoroughly convinced that the boy was not Horace Marvin, and so announced himself to Chief Smith, who accompanied him. He acknowledged that the resemblance was striking, but when he came to examine the boy closely there were many points of difference.

City Council.

A meeting of the City Council was held Saturday night at the instance of Mayor Paff for the purpose of holding a joint session to take suitable action in respect to the memory of the late George L. Simpson.

BOARD OF ALDERMEN.

There were but four members of the Board of Aldermen present—Messrs. Brill, Marbury, Curtin and Sweeney. Mr. Hill was out of the city and Mr. Ballenger was confined to his home by illness.

Vice President Curtin presided, and after he had called the board to order he formally announced the death of Mr. Simpson. He spoke feelingly of the deceased, recounting his services as a representative citizen and successful business man. Among other things he said: "This is the second time in one week that the surviving members of the Board of Aldermen have met to pay respect to the memory of conferees who have died while in the public service, and the third time within two months. Mr. Simpson was a gentleman justly esteemed as a business man, a representative citizen, and a prominent member of the business community. I probably can say nothing concerning him but what you already know. His life had been spent in business in this city and in filling different positions which he had been called to fill, and we all realize that we have lost the services of an earnest, capable and valuable citizen. Death is no respector of persons. It comes in the morning, noonday and evening of life. Three members of the Board of Aldermen—Messrs Burke, Sweeney and Simpson—had died in a very brief period. They were men engaged in doing good at the time they were called upon to pass into another world. Death has ever been mysterious; we fail to understand it; God does and we bow to His will. Those only who have lost loved ones can understand fully the spirit manifested in weeping with those who weep. Nothing save a higher power can comfort at the hour of death, when consolations are tendered that loved ones have but passed into another world where there will be no more sorrow nor crying. This blessed hope is cherished by all—that hope of a reunion in another realm—and without it life would be dismal, indeed. I can sincerely express my own feelings on this occasion and my sorrow for others in the presence of death, having recently myself passed similar sorrows."

Mr. Curtin then presented resolutions (See official proceedings) in respect to the memory of the late Mr. Simpson.

Mr. Sweeney followed the Vice President in a short but appropriate speech in which he recounted the esteem in which Mr. Simpson had been held, and said he knew he voiced the expressions of his colleagues in tendering the earnest sympathy of the board to his sorrowing family. The speaker also referred to the fact that the Aldermen had met three times during the past two months to take action in respect to the memory of deceased members. He spoke feelingly of each and the public services they had rendered

The resolutions were then passed by a unanimous vote.

The Aldermen subsequently proceeded to the chamber of the Common Council for the purpose of participating in the joint session, and upon their return Mr. Marbury announced the death of George W. Schafer, Messenger of the board, and expressed the regrets of the numbers at his decease. He submitted a resolution, which will be found in the official proceedings, expressive of the services and worth of the deceased, after which the board adjoined.

COMMON COUNCIL.

At the called meeting of the Common Council, held Saturday night, a communication was received from the Mayor stating that he had called the meeting to take suitable action in regard to the death of Alderman George L. Simpson. He also requested a joint session of both boards and asked to be allowed the privilege of the floor.

The Mayor's communication was received, the Board of Aldermen requested to meet in joing session and the Mayor invited to be present.

Mayor Paff said that within a short space of time the City Council had been deprived by death of three of Alexandria's most respective citizens, and that he was especially affected by the death of Mr. Simpson. He had known the deceased from childhood, and always knew him to be honest, conscientious and true to his friends, and a man who always stood for what was right. The Mayor paid a just tribute to the memory of the late Mayor, and closed by saying that Mr. Simpson would ever be missed from the councils of the city.

Mr Snowden said that the late ex-Mayor was a man the community could ill-afford to lose. He had represented the city in the Common Council, had been a member of the legislature, had been Mayor and then a member of the Board of Alderman. He paid a high tribute to the character of Mr. Simpson, saying that he had ever been upright and honest, with always a desire to do everything possible for the good of the city.

Mr. Birrell then paid a tribute to the memory of the deceased, saying that his manliness and sterling worth would always be remembered.

Mr. Strauss told of the death of Mr. Simpson and spoke of his character in glowing terms.

The joint session then dissolved after which resolutions of sympathy were received from the Board of Aldermen and adopted by a unanimous vote.

The board then adjourned to meet in the council chamber at 10 o'clock on the day of the funeral, to attend the obsequies in a body.

Schafer, Messenger of this board, desire to express their sympathy for the family of the deceased, and also to attest their appreciation of his faithful services during the past eight years he has filled the position.

Resolved, That a copy of this resolution, properly attested, be sent to the family of the deceased, and spread upon the minutes of the board.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rambling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Judgeship.

We wonder what the governor is doing all this time about the judgeship. Here is a man of eminent ability, Mr. John M Johnson, endorsed almost unanimously by the members of the bar in the circuit. No one else has been endorsed publicly—we do not know what is doing secretly—and still the governor declines to make an appointment as the constitution which he has sworn to support makes it his plain duty to do. This is a strange condition for an executive of Virginia to be in. There is no contest. Nobody else seems to aspire to the office. It is one of the most inspiring things that could occur in the judiciary—to see the entire bar endorsing one man, and a man of the high character of Mr. Johnson. It gives one hope for a free government. There are many other lawyers in the circuit capable of filling the office with credit, but they recognize Mr. Johnson's peculiar fitness for the position and they and their frsends stand aside. If it were a convention, he would be nominated by acclamation. With all this, the Governor of Virginia refrains from performing his constitutional duty. What is the controlling cause?—[County Monitor.

Judge Harrison to Preside.

As stated in Saturday's Gazette Judge Thomas W. Harrison has been designated by Gov. Swanson to hear the case of George D Hopkins against the Washington, Alexandria and Mount Veruon Electric Railway Company, which will come up in the Alexandria County Court on the 29 h instant. Judge Harrison has been designated, owing to the fact that Judge Barley, who is now presiding in that court, will be a witness in the case. The suit is one to recover damages in the sum of $5,000. Mr. Hopkins alleges that April 18, 1906, he was a passenger abroard the defendant company's cars and presented the conductor with a Columbian half dollar, from which to take his fare, and that the conductor refused to accept the money, and put him off at Four-mile run. As a result Mr. Hopkins was compelled to walk to Washington, and suffered, it is said, considerable financial loss. Col. F. L. Smith, of this city, and Mr. Edmund Burke, of Washington, represent the complainant.

Fined Fifty Dollars.

The case of John Travers, jr., Luther Sutherland, E. J. McDermott and Tannie Trigger, charged with assaulting Rev. J. B. Hopkins several months ago, was called in the Police Court this morning. Hopkins, it will be remembered, had one of his eyes cut and seriously injured by particles of glass, he wearing spectacles when assaulted. Trigger during the trial confessed to assaulting Hopkins, saying that the latter collided with him. This was denied by the complainant. The evidence showed that but one blow was struck. Trigger was fined $50 and given ten days in jail. The other three men were dismissed. Mr. E. D. Brumback appeared for the defense, and an appeal was taken from the judgment of Justice Caton and Trigger will be released upon $150 bail for his appearance before the Corporation Court.

Dramatic Recital.

The Dramatic Recital to be held at Christ Church Parish Hall Tuesday evening will afford the public of Alexandria a two-fold opportunity, that of hearing the talented artiste, Miss Miriam Lee Early, and the privilege of helping the Children's Home, which is doing such splendid work in our midst. Miss Early's recital will delight both old and young and the price of admission, 25 cents, is but small in return for the pleasure received. The tickets will be found on sale in all drug stores and it is hoped that all who can will avail themselves of this opportunity.

Funeral of the late G. W. Schafer

The funeral of the late George W. Schafer, former messenger of the Board of Aldermen, who died Saturday last at the Alexandria Hospital, took place this morning from Demaine & Son's undertaking parlors on King street. Rev. P. P. Phillips, rector of St. Paul's Church, officiated. The interment was made in Union Cemetery.

John Trigger, charged with assaulting J. B. Hopkins, was fined $50 and sentenced to serve ten days in jail. Luther Sutherland and John Travers, jr., charged with being parties to the assault, were dismissed.

Church Notes.

Rev. W. W. Van Arsdale, recently appointed pastor of Trinity M. E. Church, occupied the pulpit of that church yesterday morning and last night. His sermons were greatly enjoyed by all present. The congregation has completed plans for a reception which will be tendered Rev. Mr. Van Arsdale at the church tomorrow night.

In the annual report of the Second Presbyterian Church for the year ended March 31, 1907, the total number of communicants are given as 356, and the total enrollment in the Sunday schools as 381. The total amount of contributions from various sources amounted to $5,153.

Between thirty and forty persons formerly communicants in the Methodist Protestant Church in this city contemplate organizing another Methodist Protestant Church in Alexandria, and with this end in view have perfected arrangements for a meeting in Immanuel Lutheran Church next Friday night.

Alexandria Athletic Association.

The drawing for the Edison phonograph raffled off by the association took place at the carnival Saturday night. Ticket No. 280 was the lucky number drawn.

The weekly dance will be continued tomorrow night in the hall, 1104 King street.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by E. S. Leadbeater & Sons, druggists. 50c.

Death of Mrs. Bryan.

Mrs. Caroline P. Bryan, widow of George Bryan, died last Saturday night at the residence of her daughter, Mrs. Henry S. Pitts, 1000 Prince street Her funeral will take place tomorrow afternoon. Rev. Edgar Carpenter, rector of Grace Episcopal Church, will officiate, and the interment will be made at St. Paul's Cemetery. Mrs. Bryan was an old resident of this city, and was esteemed by all who knew her. She was the mother of Capt. Albert Bryan. Mrs. Bryan was born at Cambridge, Dorchester county, Md., nearly eighty years ago, but had spent the greater part of her life in Alexandria. She was an aunt of the late Gov. Pattison, of Pennsylvania.

Case Dismissed.

Chief Goods with Officers Ferguson, Bell, Young, Garvey and Beach entered the upper room of a building on the north side of King street, between Royal and Pitt, last Saturday night, and arrested five men on suspicion of gambling. They all left collateral for their appearance in the Police Court this morning. When the case was called no evidence was obtained to show that the suspects had been engaged in gambling, and they were dismissed.

Fined for Assault.

Frank Bowing was arraigned in the Police Court this morning to answer a charge of assaulting Capt. Allen Sheton, captain of a pungy, anchored at one of the wharves in this city. The affray occurred aboard the pungy Saturday night when, it is alleged, Bowing struck the captain over the head with a hatchet. Capt. Sheton subsequenely went to the hospital, where several stitches were taken in his head. Bowing was fined $20.

Patrons of the Ark,

LASSITUDE.

Many of those who at this season of the year experience a feeling of lassitude attribute it to the fact that it is Spring, whereas the season itself is by no means the cause of the sensation. This, more often than not, say physicians, is due to the fact that the human system reaches a point in the Spring when a thorough "cleaning up" is needed. The machinery of the body needs going over once in a while, just as does that of a factory. Neglected, the bodily functions become deranged, and one of the most common manifestations of this is constipation. This, especially in its chronic form, means that certain muscles of the body are not in condition to do their work properly, having become weak and inelastic. To overcome this condition is to cure constipation—not simply give relief to the sufferer—and for this purpose medical men of experience are using with great success a combination of 1-2 oz. Fluid Extract of Senna, 1-2 oz. Rochelle Salts, 1 oz. Aro-Sagrada, 30 grains Bi-Carbonate of Soda, 1 2 oz. water and 1½ ozs. Glycerine. Of this a teaspoonful is administered at bedtime and before each meal, and this is continued until there is free movement of the bowels. Any good pharmacist can put up the preparation.

Attempt to Wreck a Train.

What is believed to have been a bold attempt at train wrecking was disclosed near Bedford, Ohio, at 6:30 o'clock yesterday evening when a track-walker discovered a broken rail on the Pennsylvania Railroad. The track-walker immediately ran to the tower and notified the headquarters at Cleveland, and assistance was given him from Bedford, so that a new rail was placed in the track before the Cleveland and Pittsburg Flyer, due an hour later, arrived.

B. H. Hamilton, superintendent of the Cleveland division, last night denied that the broken rail was the result of train wreckers' work, but, despite his statement, the company has begun a searching investigation. The rail was broken from constant use, Mr. Hamilton said. It was just such an accident as might happen at any time on any road. It was very fortunate, though, that the track-walker discovered it in time.

This is the third attempt that has been made within a month to wreck the Flyer in that vicinity.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

Fight in Church.

Men and women were knocked down and trampled upon, and women fainted during a pitched battle in the Free Will Baptist Church at Portsmouth, Ohio, yesterday morning. Hymn books were hurled back and forth, and the pews and other church property were demolished. The police finally quelled the riot after a number of persons had been badly hurt. The women engaged in the hymn book hurling, but when the men clashed in a hand-to-hand conflict, some of them were knocked down, while others ran screaming from the church. No arrests were made. The riot was the result of one faction bringing in Rev. George Vance, of Galiord, to conduct the services. His appearance in the pulpit was the signal for the followers of the regular pastor, Rev. Freeman Chase, to begin battle.

A Criminal Attack

on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It's generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis and establish regular habits of the bowels. 25c at E. S. Leadbeater & Sons' drug store.
